Sturdy, Fast and Useful

We are offering an alternative offer to the modified maritime container or to the fully welded shelter. Our expertise will highlight your need and will propose the most suitable offer to your request.

STURDY STRUCTURE

Walls made of 0,75mm galvanized steel.
The structure is made of 2mm galvanized steel.

STRENGTH

Wooden floor (35mm thin).
Strength of the floor 500kg per square meter.
Strength of the roof 300kg per square meter.
